My ride in to work these days is such a joy. Around every corner I'm surprised by a splash of pink or white as trees are bursting into bloom. I pass flower beds full of tulips and daffodils. The air, although warmer than I'm used to, gentles my soul. Springtime! I've always loved it.

I grew up in Indiana where the winters are harsh and much longer. We longed for the first signs of spring...even though we knew that with the change that brought about warmer days also came tornado season. The collision of warm air and cold air brought turbulence and danger.

Sirens sounding. Hurrying to a safe place. It was all a part of this season of springtime. We expected it. We prepared for it as best we could; we ran for cover when we needed to and embraced all the good that came with a growing, changing season.

This is also true about our lives. There is so much to celebrate and enjoy. And yet, with all the good that there is, life can change suddenly. In an instant, our world can turn upside down.

We prepare the best we can, embrace all the good, enjoy the warmth of fellowship, friendship, and just being alive. And then, when warning sirens sound and a front blows in unexpectedly--when our lives are turned every which way-- we run for cover to a place of refuge.

I think of the lyrics to all the old songs we sing occasionally at church: "Leaning on the everlasting arms..." "What a friend we have in Jesus, all our sins and grief's to bear..." And then there is that old favorite, Amazing Grace: "Through many dangers, toils and snares I have already come, 'tis grace that brought me safe thus far, and grace will lead me home." When we gather together to sing these words, I am reminded of an everlasting truth: faith and grace will keep us strong.

May God's love and presence be with you as you go about your day. Enjoy the beauty and good in this world! Always know that when changes occur and hard times follow, that this same love and Presence is a safe refuge in the storm. Blessings!

Pastor Jan
